22ND EFORT INSTRUCTIONAL COURSE

PRAGUE, CZECH REPUBLIC

10-11 OCTOBER 2008

SPINE COURSE

Degenerative

Trauma

Deformities

 NA HOMOLCE
HOSPITAL

EFORT – JOINT EFFORTS

WELCOME ADDRESS

Dear Colleagues,

We very much appreciate having the opportunity of welcoming spine surgeons from many European countries to Homolka Hospital for the 22nd EFORT Instructional Course. The IC is being held for the second time in the Czech Republic, in its wonderful capital Prague. The city is home to Central Europe's oldest university, which was founded in 1348 by the Czech king and Holy Roman Emperor Charles IV.

The programme is designed to instruct and educate, focusing on three main topics that young spine surgeons might encounter most frequently, i.e. trauma, degenerative disease and deformity. The topics will be addressed by many of the leading experts in their fields in Czech spine surgery, supported by distinguished guests from other countries in Europe.

Homolka Hospital has achieved a leading position in spine surgery, with a special focus on degenerative spine conditions. The IC will also feature live surgery to demonstrate the latest methods for dynamic spine stabilisation.

The Czech Society for Orthopaedics and Traumatology is honoured to be associated with EFORT in this course, and would like to encourage trainee orthopaedic surgeons from throughout Europe to attend.

We trust that your stay will be enjoyable and that you will have a fulfilling time at Homolka Hospital and in the city of Prague.

PROGRAMME
FRIDAY, 10 OCTOBER 2008

- 7.15 Registration
7.45 Opening and welcome K.-G. Thorngren, M. Krbec
7.55 About EFORT K.-G. Thorngren

DEGENERATIVE

Moderators: P. Suchomel, E. Cáceres

- 8.05 DDD cervical C. Villas
8.30 Cervical disc prosthesis P. Suchomel
8.45 Rheumatoid arthritis of upper cervical spine Z. Klezl
9.10 Cervical myelopathy R. Chaloupka
9.40 Clinical cases discussion M. Ramírez
10.00 Coffee break

Moderators: R. Chaloupka, C. Villas

- 10.20 DDD lumbar C. Villas
10.35 Lumbar instability S. Boriani
11.00 Degenerative spondylolithesis and 360° fusion M. Ubierna
11.20 Dynamic stabilisation in lumbar spine J. Cienciala
11.40 Disc endoprosthesis J. Chrobok
12.00 Failed back surgery syndrome J. Cienciala
12.30 Clinical cases discussion M. Ramirez

13.00 Lunch within the exhibition area

14.00 Life surgery: Dynamic stabilisation on lumbar spine J. Chrobok
15.00 Case discussion lumbar disc prosthesis J. Chrobok, E. Cáceres

TRAUMA

Moderators: R. Lukas, K.-G. Thorngren

- 15.30 Upper cervical spine trauma - classification, diagnosis, treatment J. Stulik
15.45 Subaxial cervical spine trauma - classification, diagnosis, treatment P. Suchomel

PROGRAMME
FRIDAY, 10 OCTOBER 2008 AND
SATURDAY, 11 OCTOBER 2008

- 16.00 Coffee break
- 16.30 Thoracic and lumbar trauma - classification and diagnosis R. Lukas
- 16.45 Thoracic and lumbar trauma - treatment options Z. Klezl
- 17.00 Clinical cases discussion M. Ramirez
- 17.30 End of the day
- 20.00 Social Event

SATURDAY, 11 OCTOBER 2008

DEFORMITIES

Moderators: M. Krbec, E. Cáceres

- 8.00 Scoliosis - overview, classification, diagnosis, imaging M. Krbec
- 8.15 Congenital scoliosis M. Repko
- 8.30 Idiopathic scoliosis M. Ramirez
- 8.45 Neuromuscular scoliosis M. Repko
- 9.00 Coffee break
- 9.30 Workshops from the industry

Moderators: K.-G. Thorngren, M. Ubierna

- 10.30 Surgical treatment of adult deformity E. Cáceres
- 10.50 Posttraumatic deformities Z. Klezl
- 11.20 Olisthesis- overview M. Krbec
- 12.00 Clinical cases discussion M. Ramirez
- 12.45 Final conclusion M. Krbec, K.-G. Thorngren
- 13.15 End of the course followed by lunch-snack
